

What to bring to residence?

Everyone asks the same thing.

So on the other side of this flyer we've included a checklist of items to help you decide what you really need to bring to residence. **Space is very limited**, so bring only what is necessary. Leave at home things that could be brought later in the year or shared with roommates.

For a **VIRTUAL VIEW** of your residence

Once you've taken your virtual tour, you can see what's included in your room. Select your winter session residence from **Prospective Students** and check out **Your Room**.

If you get a chance to visit the campus, book a campus tour at you.ubc.ca. The tour includes a visit to one of our traditional-style residences.
